This beautiful townhouse is located in the picturesque village of Estellencs. It was built in the 1900s and has been completely renovated respecting those elements that keep the character of these houses like the wooden beams and the ceramic floors. At only 40 metres away there is a public parking so it is very easy to park the car but there is also the chance to park the car right next to the house. This property is distributed in three spacious floors and it has 5 rooms, three of them now used as bedrooms, sitting area, dining area with open fireplace, furnished kitchen with another storage room, another outside storage room, cellar and two bathrooms, one with shower and the other one with bathtub. All the electrics and plumbing has been redone and the property is for sale completely painted and without furniture. Furthermore there is a nice garden to enjoy the summer nights. Without a doubt this is a great opportunity to own a fantastic townhouse on the westcoast of Mallorca in such a special village as Estellens.
