Cas Fiols is a charming old family home set amidst the fabulous backdrop of the Tramuntana mountains and is located just outside the lovely village of Sóller. The original stone house dates back over 500 years and the house has retained its traditional Mallorcan feel even though it is equipped with all the modern facilities such as air conditioning and central heating. The house has a full master suite with its own private terrace, two en-suite doubles, and, one twin and one double (which share a bathroom). All the bathrooms are furnished in a traditional Mallorquin style. The main sitting room has a wonderfully relaxing feel and is a great place to read a book during the height of the afternoon sun. Alternatively, the comfortable study has Sky TV, an open fire (for use over the winter months) and large french doors to the pool area. The house also has wireless internet access (WIFI). The kitchen is well equipped, as you would expect of a large home, and has a separate large fridge and freezer. Just outside the kitchen is a beautiful covered outdoor dining area. Al fresco eating is a must at Cas Fiols! There is a large private outdoor swimming pool, 13m long by 6m wide, that has the use of a number of sunfloats. The pool is surrounded by stone terraces with sunbeds for relaxing by the pool. Outdoor seating on hardwood patio furniture with cushions, is provided near the fountain and a separate covered outdoor dining area seats 12 on one large stone table. There is also a stone barbecue by the pool. We have an outdoor heated jacuzzi that seats 7 for when you feel like pampering yourself or if the weather is just a little too cool for a swim in the pool. The fully floodlit private tennis court is set just to the bottom of the orange tree orchard.
