There is plenty of parking space and outdoor area where to lie in the sun after a bath in the shared pool. The cottage has recently been renovated and it has a fully equipped kitchen with fridge/freezer, cooker and coffee machine. There is A/C hot and cold plus WIFI is also available. The Port with its beaches is at 15/20 minutes walk. By car it only takes 3 minutes to be in the harbor. The pool area is shared with another two cottages in the plot.
