This apartment is located in Port de Sóller - a particularly beautiful harbour town in the Tramuntana mountains. The natural bay runs horseshoe-shaped and has most of the apartments located on a hillside. This great apartment is located in a community with pool on a hillside above Port de Sóller. The apartment offers two bright friendly bedrooms, a bathroom, a renovated open plan kitchen with utility room and living room with fireplace. Unlike many neighboring apartments, this apartment has access to the terrace from the living area and master bedroom and the terrace is very large. The terrace offers a first-class view to the mountains and has a very good sun exposure. The apartment is equipped with air condition hot / cold. The location is one of the most sunny in winter, so even outside the season, this apartment is great to live in. A stroll away is Port de Sóller and the numerous restaurants and shops as well as the beach. On foot it is easy to reach via a short cut, but a car is actually recommended because of the hillside. The community has parking spaces and from the parking there is only one staircase down to the front door and therefore very comfortable.
