Well-presented apartment located just a short walk from the beach and harbour of Port de Sóller, one of the most desirable and limited coastal locations in Mallorca, where properties close to the sea are increasingly hard to find.

Situated on the first floor of a traditional building, the apartment offers 96 m² of living space with a practical and comfortable layout. It features three bedrooms, a bright living-dining area, a fully equipped kitchen and a bathroom. The property is in good condition, allowing immediate use without major investment.

All amenities are within walking distance: beach, marina, restaurants, cafés, shops and public transport. Building without lift.

Due to the very limited supply of apartments near the beach in Port de Sóller, this property represents an excellent opportunity as a holiday home, second residence or long-term investment in a location with consistently high demand.
