This bright and central townhouse was totally renovated a few years ago. Located in a quiet street at only a few meters away from the main square of Sóller, the house offers two double bedrooms and a studio room with a kitchenette and access to a terrace with spectacular views to the mountains. The house is very well equipped, with a central heating plus A/C warm cold in all rooms. On ground floor it has one of the two living rooms and the kitchen, as well as a guest toilet off the tiny court yard. On the upper floors it has the two bedrooms and one full bathroom totally new. On the top floor the studio room is really spacious and could easily be used as a third bedroom. From this level one can access to the terrace. Good opportunity to purchase a traditional townhouse totally renovated.
