This large townhouse is located in the centre of Sóller, about 5 minutes walk from the village square. On three floors there are living and dining rooms, kitchen, four bedrooms and a bathroom. The house is very well preserved and still offers the original materials and structural elements. You enter an authentic Mallorcan "entrada" with original stone floor, the pretty staircase and round arch. The house has an outdoor terrace and fountain element typical of townhouses. Directly behind, separated from the house by a narrow driveway, there is a large garden with parking for several vehicles. An interesting renovation object.
